

CEE Super Efficient Home Appliances Initiative

Refrigerator Qualifying Product List

January 15, 2017

The list is updated monthly. See the CEE website (www.cee1.org) for the most recent listing.
This list based on the 2014 CEE Residential Refrigerator Specification.

Key

- Asterisks(*) indicate that a coding variable may be used in place of the asterisks to indicate a color or feature that does not affect efficiency
- *Red italics* indicate that a product has been discontinued. Discontinued models are no longer manufactured, but may still be available in the marketplace.
- *Blue italics* indicate a US-only model.
- *Green italics* indicate a Canada-only model.
- *Orange italics* indicate an icemaker ready model. The listed model information reflects the model's performance without an automatic icemaker installed.

[Please click here for a list of models which meet Tier 1 specifications](#)

[Please click here for a list of models which meet Tier 2 specifications](#)

[Please click here for a list of models which meet Tier 3 specifications](#)

How this list is generated:

Manufacturers submit energy use data to CEE for each model as determined by test procedures set by the US Department of Energy. Models are placed in the tier appropriate to their energy use. Tier eligibility is determined by calculating the percentage of product performance over the Federal Standard, rounded to the nearest whole percent.

CEE does not verify manufacturer data with third-party labs. Based on the increased scrutiny by the US Department of Energy and actions taken by the US Environmental Protection Agency, you may wish to cross-reference the models listed below against the ENERGY STAR® qualified product list.

CEE does not administer rebate programs. Consumers who have questions about filling out rebate forms should contact their local efficiency program administrator, often the local utility.

Terms of Use

CEE qualifying products list may not be reproduced, disseminated, published or transferred in any form or by any means, except with the prior written permission of CEE or as specifically provided below.

CEE grants its Members and Participants permission to use the material for their own use in implementing or administering the specific CEE Initiative to which the material relates on the understanding that: (a) CEE's copyright notice will appear on all copies; (b) no modifications to the material will be made; (c) you will not claim ownership or rights in the material; (d) the material will not be published, reproduced, transmitted, stored, sold, or distributed, including in any advertisement or commercial publication; (e) the materials will not be copied or posted on any Internet site, server or computer network without CEE's express consent; and (f) the foregoing limitations have been communicated to all persons who obtain access to or use of the materials as the result of your access and use thereof.

CEE does not make, sell or distribute any products or services, other than CEE membership services, and CEE does not play any implementation role in the programs offered and operated by or on behalf of its members. The accuracy of member program information and of manufacturer product information discussed or compiled in this site is the sole responsibility of the organization furnishing such information to CEE, and CEE is not responsible for any inaccuracies or misrepresentations which may appear

CEE does not itself test or cause to be tested any equipment or technology for merchantability, fitness for purpose, product safety, or energy efficiency and makes no claim with respect thereto. The references and descriptions of products or services within the site are provided "As Is" without any warranty of any kind, express or implied. CEE is not liable for any damages, including consequential damages, of any kind which may result to the user from the use of the site, or any of the product or services described therein.

CEE Brand Information

The CEE logo and service mark must not be used in any manner that would imply CEE endorsement of a company, its products, or its services. That means the CEE logo may not appear in a product description or label. CEE is brand and technology neutral. CEE endorses and promotes levels of efficiency through initiatives and publishes lists of products and services whose manufacturers or providers claim to meet CEE efficiency tiers.

If you reference the name “CEE” or “Consortium for Energy Efficiency,” please note:

1. CEE does not endorse, certify, qualify, or brand products. Therefore, it is incorrect to claim that a product is “CEE certified” or “has earned a CEE rating.”

2. You may indicate that products qualify for or meet one of the CEE tiers of energy efficiency.

The following phrases are accurate: “(product) meets CEE specifications,” “qualifies for a CEE tier,” or best of all, “the manufacturer claims appliance x meets CEE tier y.” We’re happy to review your materials and will do so in a timely manner.

Some products have a “connected” feature that allows for energy control or demand response through your local utility. At this time, CEE specifications do not include requirements for connectivity.

For additional information, please see the Press Kits section of our website: cee1.org/content/press-kits.

We appreciate your support of energy efficiency.

CEE Qualifying Residential Refrigerators

January 15, 2017

[This list is updated monthly. Please see the CEE website \(www.cee1.org\) for the most recent listing.](http://www.cee1.org)

This list is based on the 2014 CEE Residential Refrigerator Specification.
 CEE Tier 1 Refrigerators ≥ 10% more efficient than the Federal Standard
 CEE Tier 2 Refrigerators ≥ 15% more efficient than the Federal Standard
 CEE Tier 3 Refrigerators ≥ 20% more efficient than the Federal Standard

Brand	Model Number	Additional Model Number Variations	Configuration	Defrost Type	Compact	Through the door dispenser	Automatic Icemaker	Volume (cu ft)	Adjusted Volume (cu ft)	kWh/year	Federal Standard (kWh/year)	Measured Federal Standard (kWh/yr)	Percent Better than Measured Federal Standard	CEE Tier
